DETAILED ACTION

1. This application is in condition for allowance except for the following formal matters:

Newly submitted claims 26-27 are directed to an invention that is independent or distinct from the invention originally claimed for the following reasons: claims 26-27 are specific to figure 5 of applicant's invention. This figure is different species from the claims originally presented, which are directed to the invention specified in figure 3 of the current application.

Since applicant has received an action on the merits for the originally presented invention, this invention has been constructively elected by original presentation for prosecution on the merits. Accordingly, claims 26-27 are withdrawn from consideration as being directed to a non-elected invention. See 37 CFR 1.142(b) and MPEP § 821.03.

Prosecution on the merits is closed in accordance with the practice under *Ex parte Quayle*, 1935 C.D. 11, 453 O.G. 213.

A shortened statutory period for reply to this action is set to expire **TWO MONTHS** from the mailing date of this letter.
